This checklist was generated using data from the Southern African Bird Atlas Project (SABAP2; [sabap2.birdmap.africa](http://sabap2.birdmap.africa)) captured by citizen scientists in the surrounding area (approximately 60km<sup>2</sup>). As such, this checklist is descriptive of the general area and may include birds not normally found at this site. Rare birds with low occurrence or no reports in the atlas data may also be missing from this list.
